Q2						
Q3						
Q4						
3) Provide access to resources for low cost or free screenings building on the Wellness Wednesday, offering free colon kits and other similar tests	PPHD, Chamber, UNMC, UCHealth, ESU					
Q1	Direct Access Testing initiated in our Lab every Wednesday starting January 16th, 2018. Community members can pick and choose certain wellness lab tests they'd like from a limited list which are at a reduced cost, cash price. It will be the patient's responsibility to share results with their provider and follow up with normal/abnormal results.					

Q2	FREE Colorectal kits available in our Lab for those ages 50 to 75 whom desire to perform the test in their own home and mail out to designated Lab. This is promoted each Wednesday as part of Wellness Wednesdays, along with the reduced cost labs on these days.
