

The Health Center Foundation is now accepting applications for the 2023 Summer Internship Program at Sidney Regional Medical Center in Sidney, Nebraska.

The purpose of this program is to provide hands-on experience to undergraduate students pursuing careers in the healthcare with a focus in a clinical field. This is a paid internship that allows students to work/shadow in various departments throughout the hospital. Applicants should be in at least their third year of undergraduate studies with an emphasis in a healthcare (medical) field of interest.

Applicants will be asked to provide a cover sheet expressing their career interests, letter of application which includes career goals, activities related to career goals, current transcript, what the internship program means to the applicant and why they're the best choice. Applicants should be well-rounded in their studies and extracurricular activities, be able to write and speak well, and be able to form positive working relationships with doctors, nurses, administrative personnel and patients.

Selected students are responsible for securing living arrangements during the internship period unless other arrangements are made. For more information on housing availability contact Janet Hostetler, [jhost@SidneyRMC.com](mailto:jhost@SidneyRMC.com)

The deadline to submit the application is **March 10, 2023**. The Health Center Foundation Selection Committee will review the applications and announce the recipients by the end of March.

For more information, please contact Evie Blackburn at the Health Center Foundation office:
