

Chronic Care Management

What is CCM?

Chronic Care Management (CCM) is a care coordination service that is completed outside of your regular visits with your health-care provider. This program provides you with around-the-clock access to care that will help you stay on track with your treatments and overall care plan. Offered to Medicare patients with little to no cost.

Eligibility?

If you live with two or more chronic conditions, CCM can help you manage your care. **Some examples of chronic conditions include, but are not limited to:**

- Alzheimer's & Related Dementia
- Arthritis
- Asthma
- Cancer
- COPD
- Depression
- Diabetes
- Heart Failure
- Hypertension
- Osteoporosis

Continuous Care

With more than one chronic condition, there may be times when you need immediate answers to your health needs and questions.

CCM offers you 24-hour access to a qualified health individual who can help you. You will be provided with multiple methods of communication beyond just your phone. Including our secure portal, SRMC App and Emergency Room.
