Saturday, Aug 3!*

## **HCF 16th Annual Golf Tournament**

The Health Center Foundation is hosting the 16th Annual Golf Tournament. For over 30 years, the Health Center Foundation (HCF) has been supporting Cheyenne County residents and the surrounding areas by assuring they have access to high quality healthcare in a modern facility, staffed by professionals working together to provide the most complete care available. Much of this is made possible by the support of community minded members like you.

### *Your sponsorship makes a difference...join the journey*

In recent years, your generous donations have helped purchase a new 3D/4D Ultrasound unit, critical medical equipment, ongoing updated education for Hospice providers, Extended Care facility improvements and much more.

In addition to these, the Health Center Foundation has supported learning opportunities through the statewide recognized Health Center Foundation Summer Internship Program and through scholarship opportunities made possible by the Thayer Family Scholarship Program: a scholarship specific to those pursuing careers in healthcare and planning to return to the panhandle to practice their trade. Without your generosity and support, none of this would have been possible.

This year HCF is raising money for replacement IV pumps that will be required for the upcoming Electronic Health Record transition. IV pumps are critical to ensuring the specific prescribed amount of fluid or medication is pumped into the body over a specific period of time. We hope you will support this program by becoming a sponsor or playing in this tournament.

Thank you for your continued support,

Bill Butkus  
HCF Chairman
